

## Siemens S450IP DECT SIP Phone

Product Name: Siemens S450IP DECT SIP Phone

Manufacturer: -

Model Number: -

Availability: DiscontinuedThe Siemens C460IP has been discontinued. Please see alternative products in the Siemens Gigaset range

The Gigaset S450 IP puts everything at your fingertips. Switch between making internet calls and fixed-line calls - no PC required! In addition to plug-and-play simplicity, this VoIP-ready phone tells you if your friends are online and even notifies you if you've received any e-mails.

The Gigaset S450 IP proves that cutting-edge technology can also be brilliantly easy to use. Without the need for a PC, you simply plug-in the Gigaset S450 IP to your phone connection and in a few steps you can start phoning over the internet to your friends and family around the world. Conveniently select the internet telephony provider you prefer on the handset's illuminated display. No matter what, you're assured Gigaset's Quality of Service (QoS) for superb internet telephony quality. VoIP doesn't get any easier than that.

Highlights

- Dual mode: Easy switch from VoIP calls to fixed line calls by single keypress
- 2 internet calls in parallel or 1 fixed-line call and 1 VoIP call in parallel with multiple handsets
