

## OpenVox PFM100 Datasheet

Document Rev0.01, written by: James.zhu(james.zhu@openvox.cn)

PFM100 is a power supply converter, which can be used for NT mode of B100M/B200M/-B400M.

### Features and Electrical Characteristics:

Wide Input Voltage between 5V-12V.

PFM100 can support both of 5V and 12V

High efficiency >85%

Over-Current Protection

Short circuit Protection

Power : >8W

Input: 5V 1.9A max ; 12V 0.82A max

Output: 36-40Vdc

### Physical Information:

Name	Net weight (g)	Size (cm)
PFM100	25	5.3*3.7*1.4
