Snom M10 SC Dect Handset

Product Name: Snom M10 SC Dect Handset

Manufacturer: Snom

Model Number: M10

Snom M10 SC Dect Handset
The Snom M10 SC handset combines elementary call functions, e.g. holding or transferring calls, with crystal clear audio quality. The modern DECT handset convinces with a large display and a backlit keypad. Up to 9 hours of talk time or one week of stand-by time can be achieved thanks to the powerful battery.
Snom M10 SC Dect Handset Key Features:

ï¿½ Backlit keypad
ï¿½ Long standby time
ï¿½ OTA updates
ï¿½ Belt clip

The Snom M10 SC Dect handset's 4 LED function keys are freely programmable, among other things, calls can be shared on several Snom M10 SC thanks to Snom's own "Shared Call Emulation" feature VoIP provider-independent.
