

Yealink VCM36-W Wireless Microphone

Product Name: Yealink VCM36-W Wireless Microphone

Manufacturer: Yealink

Model Number: VCM36-W

Yealink VCM36-W Wireless Microphone for Video Conferencing Systems

The Yealink VCM36-W features a 20ft (6m) and 360° voice pickup range, perfectly capturing every voice in medium and large meeting spaces. It has a built-in 3-microphone array and Yealink self-developed algorithm. The VCM36-W filters out environmental noise within 90 decibels, delivering crystal-clear audio performance. Yealink VCM36-W Key Features:

- Optimal HD Voice
- Full-Duplex technology
- 20-feet (6-meter) 360° voice pickup
- Capacitive mute touchpad
- WiFi Technology (WPA2/AES128 Encryption)
- Expansion Mic (Works with built-in mic)

To use the wireless transmission of the VCM36-W, users just need to pair the microphone with the meeting room devices. There is no need for concern about connecting cables or how different units work together. Users can wirelessly connect microphones according to the specific scenarios, simplifying the deployment, meaning you can place and use the device freely.
