

Netgear GS324T S350 Series 24-Port Gigabit Ethernet Smart Switch with 2 SFP Ports

Product Name: Netgear GS324T S350 Series 24-Port Gigabit Ethernet Smart Switch with 2 SFP Ports

Manufacturer: Netgear

Model Number: GS324T-100EUS

Netgear GS324T S350 Series 24-Port Gigabit Ethernet Smart Switch with 2 SFP Ports

The Netgear Smart S350 series consists of five switch models, including 8-, 24- and 48-port Gigabit Ethernet switches and 8-, and 24-port Gigabit Ethernet PoE+ switches with 2 or 4 SFP ports for fiber uplinks, offering powerful Layer 2 features, enhanced performance and ease of use. They are purposely designed for converged networks where voice, video, data are all carried on a single network platform.

Advanced features such as L2/L3/L4 Access Control Lists (ACLs), Quality of Service (QoS), Link Aggregation Control Protocol (LACP) and Spanning Tree Protocol (STP) will ensure a high-speed and highly secured network environment for your business. The 8-port S350 series switch models are in small "desktop" form factors, which will not take much space to place. The 24- and 48-port models are also rack-mountable. All models include a Kensington lock slot to physically secure your switch in open space.

The fan-less 8-port models and 24-port non-PoE model will operate silently, ideal for the noise-sensitive environment. The 24-port PoE+ model and 48-port model also work under 33dBA acoustic level. All NETGEAR S350 Series switches support IEEE 802.3az Energy Efficient Ethernet mode, caring power saving for your business. NETGEAR S350 Series is covered by a 5-year limited Hardware Warranty* and extendable support**, offering a worry-free user's experience at very affordable total cost of ownership.
