

Yealink YLPOE30 - Yealink PoE Adapter

Product Name: Yealink YLPOE30 - Yealink PoE Adapter

Manufacturer: Yealink

Model Number: YLPOE30

Yealink YLPOE30 - Yealink PoE Adapter

The Yealink YLPOE30 serves as a power source for Yealink CP960 and CP965 IP conference phones, as well as other Yealink PoE-enabled IP phones. This innovative device streamlines your setup by delivering both data connectivity and electrical power through a single Ethernet cable, ensuring an organised and clutter-free desktop. Compliant with IEEE802.3af and IEEE802.3at standards, it offers a hassle-free plug-and-play experience without the need for additional setup.

Yealink YLPOE30 Key Features:

- Plug-and-Play
- Single Cable Solution
- Compatibility
- Standardised Power Delivery

Yealink YLPOE30 Technical Specifications

General

- Standard: IEEE802.3af, IEEE802.3at
- Interface: 10/100/1000M PoE ports
- LED indicators: PWR, PoE
- Input: 100-240V AC 50/60Hz 1.0A
- Output: 54V 0.56A
- PIN definition: 1/2(+), 3/6(-)
- Operating temperature: 0°C~40°C (32°F~104°F)
- Storage temperature: -40°C~70°C (-40°F~158°F)
- Operating humidity: 10%~90%, non-condensing
- Storage humidity: 5%~90%, non-condensing

Compatibility

Yealink YLPOE30 is perfectly compatible with Yealink CP960 IP conference phone, and other Yealink IP phones which support PoE feature are also compatible.

Package Content

- PSE
- Ethernet Cable (2m CAT5E FTP cable)
- Power Cord
