Yealink MVC S60 Gen 3 Microsoft Teams Rooms System
The Yealink MVC S60 is meticulously crafted to cater to the unique needs of high-end mid-sized conference rooms. This comprehensive solution comprises several essential components, including Yealink's cutting-edge third-generation MINI-PC MCore Pro, the spacious large-screen touch panel MTouch Plus, and the groundbreaking SmartVision 60 smart audio and video integration device, developed in collaboration with Microsoft. Together, these components create an all-in-one solution that revolutionises the conference room experience.
Yealink MVC S60 Key Features:

ï¿½ SmartVision 60: All-in-One Audio and Video integration machine
ï¿½ Simple to deploy, Easy to use
ï¿½ Manage your devices remotely

The SmartVision 60 boasts an unprecedented 10K resolution with a 360° wide field of view and a 360° pickup range, offering intelligent multi-speaker tracking, Cortana voice assistant support, voice transcription, identity recognition, and other advanced AI features for Teams. This groundbreaking technology ensures a fully immersive and intelligent meeting room experience, setting a new standard in conferencing.
The Yealink third-generation MINI-PC MCore Pro perfectly balances aesthetics with practicality, providing conference rooms with a flexible and reliable deployment solution. With three HDMI ports and EDID support, it's an ideal companion for any conference setup. The 11.6-inch ultra-large and sleek touch panel MTouch Plus, a flagship product from Yealink's third generation, introduces innovative features like multi-panel support, allowing multiple individuals to synchronise their meeting operations and take full control of the meeting process. Moreover, it offers seamless support for third-party screen sharing, further enhancing collaboration and productivity in the modern conference room. In sum, the Yealink MVC S60 is a state-of-the-art solution designed to transform your mid-sized conference room into a hub of intelligence and efficiency, setting a new benchmark for smart meeting environments.
