

Yealink WPP30 4K Wireless Presentation Pod

Product Name: Yealink WPP30 4K Wireless Presentation Pod

Manufacturer: Yealink

Model Number: WPP30

Yealink WPP30 Wireless Presentation Pod

The Yealink WPP30 is a new 4K Ultra HD wireless presentation pod. Empowered with up to 4K/30FPS UHD hardware encode streaming output, WPP30 saves a lot of effort by eliminating any software or driver installation. A USB Type-A/ full-featured USB Type-C port is suitable for different computers and phones

Yealink WPP30 Key Features

- One-Press Presenting
- Bluetooth 5.0
- Plug-and-Play
- 4K UHD
- WiFi 6 Chip
- Extended Display Casting
- Hardware Encoding
- Intuitive Remote Control
- High Security Encryption
- 4-Screen Casting

Since WPP30 has the embedded meeting assistant software and Wi-Fi 6 chip, simply plug WPP30 into the devices, and you can quickly ready to present. WPP30 provides you with a more convenient and richer content sharing experience.

Wireless Presentation with High Security and Encryption

With Yealink self-built Wi-Fi network, no routers or extra network configuration required. Therefore, WPP30 has low dependence to the business network and makes sharing smooth and easy.

Applied with AES encryption and WPA high-security data encryption technology, WPP30 prevents content sharing from accidental leakage or tampering.

4K HD Presentation, Low Latency

Thanks to the high-performance 2x2 MIMO, Wi-Fi 6 module, WPP30 delivers immediate response, smooth and trouble-free presenting experience with low latency. WPP30 supports a 2.4GHz/5GHz dual-band wireless network, perfect anti-interference capability, and up to 4K/30fps ultra HD presentation.

No Extra Driver, Plug-and-play

WPP30 is suitable for the devices that support free collaboration and have full-featured USB Type-C port. WPP30 adopts the built-in hardware encoding chip solution. No need to install any software or driver, and no CPU-occupied..

Rich Collaboration Ways, Efficient Team Work

WPP30 supports up to four streams to be presented simultaneously on the main screen. It can provide annotation and virtual whiteboard features to integrate participant opinions and promote interaction and collaboration between participants. Interoperable with a touchscreen television, intuitive remote control of the computer or laptop is easily enabled by clicking or dragging directly on your interactive television.

Yealink WPP23 Technical Specifications

Basic

- Decoder Up to 4k/30fps
- Input Power 5V/600 mA
- Power Consumption 2.2 W (Typical)
- Interface

- Full-featured USB Type-C

Yealink WPP30 4K Wireless Presentation Pod

1x USB-C to USB-A Adapter x1

1x Button

1x START/STOP Button x 1

1x LED

1x 4K/UHD Indicator

1x System Error Indicator

1x System Status Indicator

Wi-Fi

1x Standard Wi-Fi 6, 802.11 a/b/g/n/ac/ax

1x Frequency 2.4 GHz/5 GHz

1x Encryption WPA-PSK/WPA2-PSK

Bluetooth

1x Standard Bluetooth 5.0

Advanced Features

1x Desktop Sharing
