

Snom HD101 Hotel/Hospitality Phone

Product Name: Snom HD101 Hotel/Hospitality Phone

Manufacturer: Snom

Model Number: HD101

Snom HD101 Hotel/Hospitality Phone

The Snom HD101 is a sleek and comfortable telephone for modern hotel and guest rooms. It provides guests with maximum freedom of movement through a cordless DECT handset, offering essential features such as speed dialling for all hotel facilities and rooms, hands-free calling, hold, and mute functions.

snom HD101 Key Features

- Hotel / hospitality features
- Cordless DECT handset
- Power over Ethernet (PoE)
- HD audio
- Anti-bacterial housing
- Large LED call indicator
- Up to 4 handsets

Additionally, it can be expanded with up to 3 extra DECT handsets of the HD1 type. With PoE power supply and Gigabit Ethernet connectivity, the device seamlessly integrates into a centrally managed, future-proof network infrastructure.

All HD101 settings can be conveniently managed centrally. Its antibacterial housing safeguards against germs and is easily cleanable. The device is equipped with prominent visual LED call and message indicators, along with customizable labelling options, enhancing the overall user experience.
