

Fanvil A10W SIP Mini Intercom (A10W)

Product Name: Fanvil A10W SIP Mini Intercom (A10W)

Manufacturer: Fanvil

Model Number: A10W

Fanvil A10W SIP Mini Intercom (A10W)

The Fanvil A10W is a SIP mini intercom featuring built-in 2.4G and 5G Wi-Fi, and it is designed for wall mounting. It supports 2 SIP accounts and includes 3 detachable function buttons, along with a built-in Acoustic Echo Canceller for clear communication. The device is also compatible with PoE power supply. With an IP54 rating, the Fanvil A10W is both waterproof and dustproof, ensuring durability in various environments.

Fanvil A10W Key Features:

- Built-in Wi-Fi: 2.4G & 5G Wi-Fi
- Wall mountable: Yes
- 2 SIP accounts
- 3 detachable buttons
- IP54 waterproof and dustproof
- Support HD audio with codec G.722 and Opus
- Built-in 2W speaker and Acoustic Echo Canceller (AEC)
- Built-in 1 short circuit input/output interface
- Support PoE power supply
- HD Voice

The Fanvil A10W intercom is a versatile and durable device designed for efficient communication. It features built-in 2.4G and 5G Wi-Fi, allowing for wireless connectivity, and is wall-mountable for convenient installation. Supporting 2 SIP accounts and equipped with 3 detachable buttons, it offers customizable functionality. The intercom is IP54-rated for waterproof and dustproof protection, making it suitable for demanding environments. It delivers crystal-clear audio with HD voice support, including codecs like G.722 and Opus, while its built-in 2W speaker and Acoustic Echo Canceller (AEC) enhance sound clarity. Additionally, the A10W supports PoE power and includes a short circuit input/output interface for expanded functionality.
