Future-Proof, Fast and Safe Call

With a significant performance boost, Android 13 offers extended software updates and ensures a consistently smooth experience throughout the product's lifespan. Built on Android 13, initially adopted by Yealink, its verification system, encryption, and access management provide comprehensive security across the device, application, runtime, network, and data layers. The MP52 E2 ensures that every call is both fast and secure.

MDEP Coming Soon, Stay Ahead in Security and Management

Easy Deployment: Simplify device deployment by reducing cost and complexity. **Enhanced Management:** Enable IT professionals to quickly identify issues and automatically resolve them without manual intervention. **Integrated Security Mechanisms:** Authorized access, hardware-backed device attestation, and secure monitoring services work together to effectively prevent malicious attacks and data breaches.

To Hear, To Voice Everything Clear

Powered by Yealink Optimal HD audio, Acoustic Shield, and Smart Noise Filtering, enjoy immersive, high-quality communication without the distraction of excessive noise. Benefit from improved audio clarity with loudness enhancement, hands-free speakerphone with AEC, and full-duplex technology, ensuring smooth communication of every idea. With support for the HAC handset, the MP52 E2 provides an inclusive auditory experience for all. Hear, connect, and create.

Press the Key, Dial a Robust Phone

The MP52 E2's hard keys make dialing effortless. With a durable dialpad phone, simply click, pick up, and call anytime, even in demanding environments. Boost your productivity with the MP52 E2's 2.4-inch color screen, ensuring you never miss an important message on its clear and visible display.

Reliable Microsoft Teams Calling Functions, Always-on for Every Caller

Experience seamless usability with the MP52 E2's line keys, while relying on Microsoft Teams calling features like Auto Attendant and Call Park. Ideal for common areas such as hospital corridors, warehouses, or hotel lobbies, the MP52 E2 supports the CAP (Common Area Phone) account, ensuring that every user can conveniently access Microsoft Teams at any time.
