

## Snom HD3 Hospitality Phone (HD3)

Product Name: Snom HD3 Hospitality Phone (HD3)

Manufacturer: Snom Model Number: HD3

Snom HD3 Hospitality Phone (HD3)

The Snom HD3 is a cordless DECT handset designed to expand the Snom HD351W hospitality phone system. Ideal for hotels and guest accommodations, it allows for seamless communication across multiple rooms or areas. ​ In addition to their own charging cradle, all handsets have the most important features for the comfort of your guest: hands-free calling, muting and call hold are integrated, individual key functions can be stored! The HD3 has an antibacterial housing to protect against germs and is easy to clean. A large visual display alerts the guest to calls or waiting messages. The handsets can be individually labeled.

Antibacterial housing - The coating of the housing offers effective protection against germs DSGVO by Design - No data storage of guest data!

Customisation - As with almost all appliances in the Hospitality series, you can optionally order customised inserts for the base tray.
