

Valcom VIP-A12 - 12 Inch Analog Clock

Product Name: Valcom VIP-A12 - 12 Inch Analog Clock

Manufacturer: -

Model Number: VIP-A12

Availability: In Stock

Valcom VIP-A12 - 12 Inch Analog Clock

Keeping time accurate and consistent throughout a large facility is easy with Valcom's new IP PoE Clocks - simply add a clock to any location on the network via RJ-45 connection. Power to the clock is provided by Power-Over-Ethernet (PoE) eliminating the need to add costly power outlets. Installation is easy and inexpensive and allows quick and easy relocation of clocks throughout a facility. Consistent and accurate time across an organization maintains efficiency and smooth company operation. Manufacturing Facilities – Synchronized time promotes adherence to schedules keeping the entire team consistently meeting productivity goals. Healthcare - Daily healthcare requires synchronized time schedules which are critical for patient care and timely delivery of medications. Schools & Universities - Accurate timekeeping is crucial in transitioning students from one class to the next. Access control systems (security) require synchronized timing.....doors lock at a certain time all across the campus.

Features

• Easy to install via RJ-45 connection

• Power over Ethernet (IEEE 802.3af)

• No master clock required - set automatically by NTP (Network Time Protocol)

• 10/100BaseT Ethernet compatible

• DHCP or static IP addressable

• Industrial grade metal housing
