Spectralink 7710 DECT Handset

The Spectralink 7710 DECT phone offers a wireless solution combining high demands for hygiene with enhanced responsiveness and personal safety. The Ultimate Wireless Solution for Healthcare Personnel. Spectralink 7710 Key Features

� Internal/External ring pattern

� Volume control

آذِاً Telephone book with 250 name entries (4 numbers per name)

آذِيً Auto login - roaming between 15 different installations

� Silent mode (mutes all alerts/calls)

� Alert on silent mode (choice from display flash or short ring)

The ruggedized and disinfectant resistant Spectralink 7710 is designed to enable healthcare personnel to be mobile while still within quick reach in critical situations. Special healthcare alarm icons have been developed for the handset ensuring that messages and alarms are easy, fast, and intuitive to understand. If you require a belt clip you can purchase the Polycom Kirk Belt Clip for 70xx Series here

Benefits

- تزير Improved reaction time to medical emergencies via alarms in case of heart attack, epileptic attack, and other situations where lives are at stake
- ī¿½ More time to patient care and faster interaction between patient and caregiver
- T¿½ Resistance to disinfectants and easy clean keypad membrane reduce the risk of spreading bacteria and diseases
- T¿½ Automatic alarms if man down, no movement, or running is detected increase personal safety
- រ៉េះ Tear-off string and alarm button increase safety for personnel in high risk environments រូវ Protection against splashing water enables caretakers to assist patients in wet rooms without detaching the handset

The high-quality TFT color display provides a clear view from all angles, and the unique color codes for each alarm category ensure that users easily can determine the type of emergency – even if the phone is sitting in a belt clip. The KIRK 70-Handset Series is designed to meet the high demands of hygiene by healthcare personnel. To avoid the spread of bacteria, the handsets are disinfectant resistant and can be cleaned with the disinfectants used in hospitals, which makes them ideal for environments where hygiene is of highest importance.
