- Talk time up to 12 hours

- SMS² with up to 612 characters

- Easy to expand with up to 6 handsets

The reliable handset tailored to meet families' daily needs. Busy lives demand a reliable, well-equipped handset. The ideal solution for active families: the Gigaset C59H. It features a best-in-class, large TFT colour display, an easy-to-use modern user interface and brilliant sound quality with HSP™. For even more convenience and simplicity in daily telephony, it features like a baby alarm, programmable VIP ring tones and a talk time of up to 12 hours. And it's easy to register the Gigaset C59H to any compatible base station. If you pay attention to the environmental and financial impact of your energy use, you'll be pleased with the Gigaset C59H's radiation-free and energy-saving ECO DECT technology. The Gigaset C59H offers the perfect fusion of quality technology, refined design and easy-to-use features – the ideal handset for any family's living room. Stay in charge. Live easier and organise efficiently by using extra features designed with your family in mind. The integrated baby alarm, for example, lets you monitor your child when you're busy with other things at home. Simply enter in an external number under which you can be contacted, or internal one if you have multiple handsets, and leave the handset with your child. You can also preset the noise level that must be reached for the phone to automatically dial the programmed number, after which you can hear what's happening. Additionally, you'll remember significant dates easily with the Gigaset C59H's birthday reminder feature. Just enter in the birthdays of family and friend; when the special day arrives, the telephone automatically plays a melody as a reminder. Also benefit by activating the anonymous call silencing feature on your handset, which turns the ringer off for all unidentified numbers, though the call still appears on the display and in the

call-log. Navigate effortlessly. Ease, convenience and regard for aesthetics – this is menu navigation with the Gigaset C59H. Find the features you need with ease on the large, high-quality TFT colour display, which is also equipped with a modern user interface. And the jumbo font size ensures you’ll easily find the correct numbers in your personalized phone book or comfortably text message to friends and family using the SMS² feature. And you can optionally programme your ring tones and set up to six VIP groups, letting you recognize some callers just by the ring. Brilliant sound quality. Clearly comfortable conversations with the Gigaset C59H. This attractive and reliable handset contains HSP™ for all your calls in brilliant sound quality. This Gigaset technology delivers clear, crisp voices free from annoying hissing or distortion with every call. ECO DECT for energy savings and radiation-free¹ telephony. The energy-saving power supply of the Gigaset C59H consumes less electricity³, so it saves you money and is better for the environment. Like all Gigaset cordless phones, it also variably reduces the transmitting power from the handset to base station depending on their distance apart. You can also reduce the transmitting power of the Gigaset C59H’s base station by 80%* simply by selecting the ECO Mode. Furthermore, radiation-free** ECO Mode Plus slashes the transmitting power by up to 100% when the handset is in standby. This way, you can enjoy a more energy-efficient way of staying connected with your family and friends. If you are looking for a reliable, family oriented handset packed with high-quality features, the Gigaset C59H is the perfect telephone for your living room.
