Valcom VIP-148L-M-IC Talkback Horn - Marine White

The Valcom VIP-148L-M-IC Hornspeaker is a marine white IP Paging horn capable of 2-way audio for use with InformaCast systems. It is also offered in beige, gray, and SIP enabled models. The VIP-148L IP Talkback Horn enables two-way handsfree voice access to a single location over an IP-based network. This allows a page zone extension anywhere on the network. The VIP-148 audio level is electronically adjusted via software. A call switch input connection is provided for call initiation, and a line level Auxiliary Input allows connection to a local audio source. Power is provided to this Valcom Horn via a Power over Ethernet (PoE) switch meeting the 802.3af specification.

Valcom VIP-148L-M-IC Features:
