Jabra Pro 9450 Duo Wireless Headset

The Jabra Pro 9450 Duo Wireless Headset is a user-friendly device which provides office staff with a straightforward interface to manage calls from both desk phones and UC softphones. It is an ideal choice for companies transitioning to UC, or any organisation using a combination of these two types of phones.

Jabra Pro 9450 Duo Key Features

- Talk time up to 8h in wideband sound mode and up to 11h in narrowband sound mode

- Standby time 46h

- Simple display with intuitive touch pad controls

- Up to 150m wireless hands-free telephony

- Noise-canceling microphone

High-Quality Sound Thanks to state-of-the-art audio technologies, the Jabra Pro 9450 Duo can deliver unbeatable sound. A noise-canceling microphone also ensures that the user's voice is heard clearly, with the wideband quality making the incoming sound crystal clear.
