VTech ErisTerminal VSP505 SIP DECT System

The VTech ErisTerminal VSP505 is a DECT system that enables users to answer and end calls from the handset, up to 500 feet from the base. The VSP505 has mute, flash and volume controls make it easy to multi-task, while DECT 6.0 technology and a noise-canceling microphone deliver interference-free conversations. A magnetic charger in the cradle ensures the headset fits and charges securely, so the battery will never run out of battery during long calls.

VTech ErisTerminal VSP505 Key Features

- Up to 500 feet in range
- FreePBX support
- Noise-canceling microphone
- Multiple wearing styles
- One-year warranty
- Mute, flash and volume controls: Easy, one-button mute, flash and volume controls right on the headset enhance hands-free convenience.
- Automatic hang-up when cradled
- Magnetic charging cradle: A magnet anchors the headset in the cradle to ensure a full charge every time.
- Compatible with VSP725 Entry-Level Deskset and VSP735 Feature Deskset
