

2N USB RFID Card Reader - 13.56MHz - 9137421E

Product Name: 2N USB RFID Card Reader - 13.56MHz - 9137421E

Manufacturer: 2N Telecommunications

Model Number: 9137421E

2N USB RFID Card Reader - 13.56MHz - 9137421E

The 2N USB RFID Card Reader - 13.56MHz is an External RFID card reader for connection to PC using a USB interface. Suitable for system administration and enrollment of 13.56MHz and 125kHz cards using the web interface of the intercom or the 2N® Access Commander. It reads serial number from the same types of cards as card readers in 2N Helios IP intercoms. USB driver is required, available here.
