

2N Access Commander Box (91379030)

Product Name: 2N Access Commander Box (91379030)

Manufacturer: 2N Telecommunications

Model Number: 91379030

2N Access Commander Box (91379030)

The 2N Access Commander Box (91379030) is an ultra compact, small and powerful computer with pre-installed 2N Access Commander software designed for access control configuration and 2N devices management. It is a plug and play solution which requires only a power supply and an Ethernet cable to be connected to the computer. It is recommended to place this computer to the secure area and it has to be up and running all the time for the proper and full functionality (it is an access control server monitoring all devices and collecting all access logs).

2N Access Commander Box Key Features

- Access control configuration
- Designed for SME installations
- Built-in time and attendance
- Up and running within a minute
- Visitor card management
- User presence report
- Intuitive operation via a web interface
- Device Monitoring and notifications
- Access logs supplemented by snapshots
- Bulk management of 2N devices
