Poly Studio X30 Video Bar

The Poly Studio X30 is an all-in-one video bar for huddle rooms and small meeting rooms. It's so simple to use with support for leading cloud video services built right in—no PC or Mac required. Poly Studio Key Features

ï¿1/2 Ideal for rooms of up to four participants

ī¿½ Compact, lightweight design easily fits on top of display

� Affordable price delivers excellent huddle room performance without breaking the bank

With the Poly Studio X30 Video Bar, Voices are crisp and clear, thanks to a beamforming microphone array and acoustic chamber design. Built-in, wireless content sharing lets users share from their devices without the need for cables or pucks. Setup, management, and maintenance are all streamlined, too, meaning lower IT costs.

Simple setup

The X30 video bar will get any small or medium-sized room up and running in minutes, with a simple setup process and all-in-one design

Easy to share content wirelsessly

Poly Studio X30 makes is easy for anyone, even guests, to share content wirelessly from any personal device— with no special apps or tools needed.

Hear every word

Powerful audio pickup and incredible noise blocking technology allows every word to be heard without distractions

On board cloud service support

On-board support for cloud service platforms means no room PC or Mac is required Polycom Studio X30 Technical Specifications
