

## Sangoma Switchvox E535 Appliance

Product Name: Sangoma Switchvox E535 Appliance

Manufacturer: Sangoma Switchvox

Model Number: 1ASE535000LF

### Sangoma Switchvox E535 Appliance

The Sangoma Switchvox (previously Digium) E535 has been designed with a server-class architecture and features cutting edge technology to ensure your organization stays connected. It is equipped with a quad-core processor, solid state drive, and the entire suite of advanced Unified Communications (UC) features available from Switchvox. With the power to support up to 700 phones and 200 concurrent calls, the E535 is the best value, single server communications solution for midsize businesses available.

Sangoma Switchvox E535 Key Features

Supports up to 700 phones

Up to 200 concurrent calls

Quad-core processor

SSD storage

iDRAC8 Enterprise with Lifecycle Controller

Weight: 24 lbs including packaging

Power supply: Internal 250W

Dimensions: 19.5" D x 19.0" W x 1.7" H

Appliance requires Switchvox 6.5.1.1 or higher

The E535 is powered by Dell EMC hardware and offers Switchvox users additional features and benefits, including Next Business Day Parts and On-Site Service if required. The E535 is also embedded with the integrated Dell Remote Access Controller (iDRAC). This built-in remote access tool eases system administration by sending alerts for server issues, enabling remote server management, and reducing the need for physical access to the Switchvox appliance.
