

Yealink RoomPanel for Microsoft Teams

Yealink RoomPanel for Microsoft Teams

Product Name: Yealink RoomPanel for Microsoft Teams

Manufacturer: Yealink

Model Number: ROOMPANEL-teams

Yealink RoomPanel for Microsoft Teams

The Yealink RoomPanel is a dedicated Microsoft Teams device with a compact touchscreen and is ideal for mounting outside the meeting spaces for displaying meeting details scheduled via Teams or Outlook 365 calendaring applications.

Moreover, the panel is also enabled for reserving an available room on the spot and indicating current room status.

Yealink RoomPanel Key Features

- 8 inch multi-point touch screen with anti-fingerprint coating
- One tap to reserve meeting spaces
- Coloured LED bar to indicate current room status
- At-a-glance details of location and availability
- Up-to-date scheduling status with key meeting information
- Automatic screen wake up and brightness adjustment
- Built in WiFi 802.11ac and Bluetooth 5.0
- Supports Pairing with the Yealink Occupancy Sensor (coming soon)
- Wireless Content Sharing
- Device Management

Install and Manage Devices with Ease, Flexibility and Efficiency

Managing a batch of meeting room devices is no longer a heavy burden for the administrators or IT staff, as they can easily monitor, manage and diagnose the products via Microsoft Teams Admin Center or Yealink Management Cloud Service.
