

JPL Commander-PM Monaural Headset (575-365-001)

Product Name: JPL Commander-PM Monaural Headset (575-365-001)

Manufacturer: -

Model Number: 575-365-001

Please Note: This product has been discontinued. Please see JPL's other VoIP Headsets for an available alternative.

JPL Commander-PM Monaural Headset (575-365-001)

The JPL Commander is Premium, yet affordable Quick Disconnect headset available in both monaural (Commander PM) and binaural (Commander PB) wearing styles.

The Commander's superb microphone includes JPL's Surround Shield; noise cancelling technology, this results in a 'dramatic' reduction in background noise being transmitted.

Lightweight, fully adjustable, comfortable and completely wearable for 8 hours plus. The microphone boom arm is flexible for precise positioning (perfect position is 'two finger' widths from the mouth).

The Commander PM features a swivelling T bar to give it a lower profile, perfect for storage or carrying to and from the office.

JPL Commander-PM Monaural Headset (575-365-001) Key Features
