Yealink MVC640-Wireless-CPW90 Microsoft Teams Rooms System

Product Name: Yealink MVC640-Wireless-CPW90 Microsoft Teams Rooms System
Manufacturer: -
Model Number: MVC640-Wireless-CPW90

Please Note: This product is end of life. For an alternative, see our Yealink range.

Yealink MVC640-Wireless-CPW90 Microsoft Teams Rooms System
Yealink MVC series are native and easy-to-use video conferencing solutions specially designed for Microsoft Teamsrooms. The MVC series provides a full-scene video conference solution to cover all of the meeting rooms from small tolarge. According to the unique characteristics of the video conferencing room, a high-performance mini-PC is speciallyreleased. In the design of mini-PC, it takes into account both aesthetics and practicability, that fully integrating the cable management with itself to provide a flexible and reliable deployment solution for any meeting room.
Yealink MVC640 Key Features:

ï¿½ One Cable Technology
ï¿½ Wireless Microphone
ï¿½ Yealink Camera Control Plug-in
ï¿½ Auto Framing
ï¿½ Wireless Content Sharing
ï¿½ Device Management

The MVC series features the native Microsoft Teams-tailored user interface that is easy to be operated with close-to-zero learning curve, and you just walk into the meeting room and start your scheduled Teams or Skype for Business meeting with one-touch join. Yealink MVC640-Wireless-CPW90 includes two CPW90 wireless microphones and a 4K UVC84 USB PTZ camera with 12x optical zoom to meet the requirements of medium meeting room.
Native Microsoft Teams-tailored user interface, smooth conference experience
Native Microsoft Teams-tailored user interface offers a one-touch meeting join. Designed with the idea of multi-function all-in-one, the MTouch II touch panel allows you easily perform call control, camera control, content sharing and other functions. At the same time, MTouch II has a built-in Human Motion Sensor that the conference system can be automatically waken up and you can immediately start the conference.
Auto-framing & flexible audio capture
The Yealink UVC84 camera allows for the auto-framing of all participants present at a meeting, freeing your hands and focusing on the meeting itself. Meanwhile, with the Yealink camera control plug-in and camera presets supported, the mechanical pan, tilt and zoom can be easily done quietly in one step. Empowered with 12x optical zoom, UVC84 supports 4K video calls that conducts business to capture everyone in the meeting room clearly. CPW90 wireless microphone works with Yealink Soundbar together to guarantee you a high-quality audio solution. Attendees can speak comfortably by moving the CPW90 wireless microphone freely around the conference table.
Content sharing in real time
The unique wireless content sharing solution provides participants with maximum flexibility, that a one-click content sharing can be simply realized by plugging into the WPP20 only. With a high resolution of 1080P/30 frames, it provides users with a better content sharing experience.
Besides, the wired content sharing is also available by connecting to the USB-C port or HDMI port.
Simple to deploy, easy to use
With the VCH port, MCore is specially designed for the video meeting rooms that the deployment

Yealink MVC640-Wireless-CPW90 Microsoft Teams Rooms System

can be easily extended. At the same time, its all-in-one design with the feature of cable management ensure the stability of the wire connection, and the most appropriate deployment can be achieved according to the layout of the meeting room. One CAT5e is totally enough to connect the TV area and the conference table area and to complete the data transmission and power supply, no additional power supply or extension cable is needed, which not only simplifying the deployment but also effectively reducing deployment costs.

Manage your devices remotely

This solution supports Yealink Device Management Platform/Cloud Service, you can flawlessly manage, monitor, configure, update and diagnose all Yealink audio and video devices peripherals on this platform remotely.
