Easier to be heard and involved in the call

To enable crystal clear voice conversations, the MP56 combines professional hardware and software technology. MP56 allows the user to focus on the content of a call thanks to Yealink Optima HD voice and the hardware of a full-duplex hands-free speakerphone with AEC and HAC handset.

Rich Functionality

The Zoom-tailored user interface and 7-inch colour touch screen provide a rich visual presentation and simple menu navigation. With built-in Bluetooth and Wi-Fi, it also offers unrivalled functionality and expandability.

Efficient Provisioning and Management

Yealink's efficient auto-provisioning method, which includes phone deployment and configuration, is integrated into the MP56. Administrators can benefit from centrally managed deployment, management, and updates. MP56 also works with a variety of device management platforms, including the Yealink/Unify Square Device Management Platform.
