Host meetings in moments

With a plug and play USB-A or USB-C connection for PC and Mac, hold meetings in moments. The simple interface is easy to use, with only 4 illuminated buttons: volume up, volume down, mic mute and speaker mute.

Communicate clearly

Perfect for team briefings and pitches to clients. The JPL Convey is ideal for any small office or meeting room with up to 4 people. The high quality speaker is loud enough for your whole team to hear.

Use for more than just conferences or team meetings

When you're not using it as a business conference phone, try using it for listening to music/radio, gaming or using as a speaker to enhance the sound of a Youtube video.

Communicate clearly

Perfect for team briefings and pitches to clients. The JPL Convey is ideal for any small office or meeting room with up to 4 people. The high quality speaker is loud enough for your whole team to hear.

Clarity in design

No status confusion with the full LED indicators showing whether the mic and/or speaker is muted.

Protective carry case included

Take your JPL Convey with you wherever you go. It's the little speakerphone that thinks and acts large.
