

Yealink UH38 Dual Premium Headset

Product Name: Yealink UH38 Dual Premium Headset

Manufacturer: Yealink

Model Number: UH38 Dual UC-BAT

Yealink UH38 Dual Premium Headset (UH38-Dual)

The Yealink UH38 is a premium stereo USB headset featuring phenomenal call and music audio. Dual-microphone noise cancellation and Acoustic Shield Technology provide you with a superior call experience.

The UH38 supports USB and Bluetooth dual connections, allowing you to manage two call devices simultaneously to improve call processing efficiency. Premium materials and a sturdy metal frame make it textured and durable. Soft and skin-friendly head-band & ear cushions make the headset all-day comfortable.

The UH38 is the headset that gives you the best focus and collaboration to improve your productivity to a new level, whether you're in the office or working remotely at home. It works seamlessly with major UC platforms and integrates natively with Yealink IP phones.

Yealink UH38 Key Features

- Phenomenal Audio for Call and Music
- Dual Noise-Canceling Microphones
- Dual Connections / Dual Devices (USB and Bluetooth)
- Call Controller with Build-in Battery
- 360°; Busylight
- Skin-friendly and Soft Headband & Ear Cushions
- Connectivity: USB-C

Phenomenal Audio for Call and Music UH38 supports dynamic EQ to switch call mode or music mode automatically. You can enjoy clear and natural sound quality in call mode, spacious and detailed sound quality in music mode. The new angled ear cushion design and oval memory foam isolate the ambient noise, bringing excellent passive noise reduction and creating the best listening experience. **Dual Noise-Canceling Microphones** The dual-microphones noise cancellation and Acoustic Shield Technology can effectively resist the noise interference of the surrounding environment, greatly reduce the background noise during the call. It helps improve the clarity and quality of the call and bring the ultimate calling experience. **Dual Connections of USB and Bluetooth** Supported USB (USB-A or USB-C) and Bluetooth dual connection mode, the Bluetooth wireless distance can reach 10m (33 feet). Users can connect and manage two kinds of call devices simultaneously, thereby realizing the seamless switching between PC and mobile device, and improving call processing efficiency.

Call Controller with Build-in Battery UH38 Dual headset can be powered by the built-in rechargeable battery when in Bluetooth mode, which combines the reliability of wired headsets and the flexibility of wireless headsets. (UH38 Mono headset has no built-in battery).

360°; Busylight The 360°; busylight will automatically glow red when you are on the call or in the meeting to reduce external interference and improve work efficiency.

Skin-friendly and Soft Headband & Ear Cushions UH38 is well-built with a sturdy-feeling design made of high-grade plastic reinforced by a metal frame. The skin-friendly material, soft memory foam, combined with the ergonomic ear-fitting design, brings you a comfortable all-day experience.
